MARKET APPLICATIONS

Coffee

Tea

Hot Cocoa

Cider

Sipping Broths

Consumer Health

Consumers want an easy-to-brew, fresh cup of great tasting coffee. And, the recyclable Single Serve Cup from Jabil Packaging Solutions helps you give them just that.

Our cups ensure lasting product freshness for coffee and other hot beverages because our superior barrier protection keeps water and oxygen out, and product flavor and freshness in. We do that by offering the advantages of co-injection technology to coffee manufacturers ensuring sustainability, product quality, packaging consistency and overall high performance.

- Encapsulated Barrier Protection
- Less Need for EVOH
- Uniform Wall Thickness
- SQF Edition 8.1 FSC 27 Certified

Consider the Brewer Compatible Single Serve Cup, a more sustainable and efficient solution for single-serve coffee.

Jabil is a proud signatory of the New Plastics Economy Global Commitment

JABIL
PACKAGING SOLUTIONS

Brewer Compatible Single Serve Cup

A more sustainable and efficient solution for single-serve coffee

Co-Injection Process Provides Uniform Wall Thickness Throughout

Optimized Puncturability

Designed for optimal puncturability ensuring each brewing experience is a pleasant one

Co-Injected, Multilayer Barrier Structure

Encloses a uniformly distributed EVOH barrier from outside environmental elements, such as: chemicals, cleaning agents, sterilization processes and water contamination

ABOUT JABIL PACKAGING SOLUTIONS

Jabil Packaging Solutions, headquartered in St. Petersburg, Florida, enables food and beverage, home, personal and professional brands to create differentiated products in areas including intelligent, active, rigid and sustainable packaging, as well as consumer devices. Purposeful innovation, advanced conversion capabilities and best-in-class manufacturing practices are just some of the drivers that enable us to co-develop game-changing rigid packaging for our customers.
