

# JABIL

## Pune

### Your partner in low-cost, high-mix, low-volume manufacturing solutions

Established in 2003, Jabil Pune's 427,000 sq. ft. facility is located in the heart of India's 5-star Ranjangaon Maharashtra Industrial Development Corporation Zone with easy access to major air and seaports. Specializing in circuit board assembly, systems assembly, and repair and warranty services, Jabil Pune offers the following capabilities:

- High-mix, low-volume
- iQor
- Near Field Communication Technology
- Power electronics
- Radio Frequency Identification Technology (RFID)
- Rapid prototyping services
- Smart plug
- Sustainable packaging
- WiFi and ZigBee

Jabil Pune's solid expertise in high-mix, low-volume manufacturing, along with its duty advantages, make it an ideal partner to companies in search of a lower cost solution.

Jabil Pune offers a flexible and customer-centric engagement model, supported by ingenious and entrepreneurial teams that are focused on delivering superior quality and value to customers across domestic and international markets. Committed to delivering the highest quality products, services, and supply chain management processes in the industry, the implementation of Lean Six Sigma enables our Pune facility to improve manufacturing efficiency and deliver customer products in the most efficient and effective way.

With a highly-skilled workforce delivering exceptional responsiveness, efficiency, and quality, Jabil Pune has the specialized expertise to support a diverse range of industries including automotive, digital home, industrial and energy, networking and telecommunications, and point-of-sale.

### Products and Services

- Set-top boxes (local and export markets)
- PCBA and system integration for banking solutions and home appliances
- Energy meters
- Railway signaling systems, tractor dashboards
- Base stations for 2G and 3G telecommunications products
- Solar PV modules
- Network switches & routers
- Repair solutions for routers, switches, security products and IP phones
- Press fit
- Conformal coating
- Potting
- Packaging solutions
- Fulfillment
- Rapid prototyping

### Manufacturing Capabilities

- Surface mount technology (SMT) placement
- Solder paste and printing
- Micro lead frame (MLF)/quad flat no lead (QFN) /land grid array (LGA)
- Ball grid array (BGA)
- Reflow
- Auto-insert
- Odd shape connectors
- Wave soldering
- Selective soldering
- Depaneling

### Commitment to Quality

#### CERTIFICATES AND REGISTRATIONS

##### SYSTEM

- ISO 9001
- ISO 14001
- ESD S20.20
- OHSAS 18001
- BIS
- EICC

##### PRODUCT

- ISO/TS 16949
- UL
- ETL (Intertek)
- CSA
- TUV

### About Jabil

Jabil's unique combination of global expertise, ingenuity, analytics, and financial performance has contributed to the success of the world's most well-known brands. We help companies design, build, and take their products to market quickly, affordably, and efficiently. But more than that, Jabil helps customers intelligently design their supply chains to be agile, economical, and effective even in uncertain times. We provide supply chain services to some of the world's most respected and trusted brands in a broad range of industries, including defense, aerospace, automotive, clean technology, computing, consumer, industrial, instrumentation, healthcare, networking, peripherals, storage, and telecommunications.
